SCHOOL BOARD

SEVERAL NEW TEACHERS WANTED—REPAIRS NEEDED FOR THE DIFFERENT SCHOOLS.

The School Board met on Monday evening with Chairman Milne presiding, and the following members present: Messrs. Parker, Andrews, G. G. Smith, Love. Carson, Rinehart and Thos. Smith. Communications were received as follows:—

From Miss King and Miss Eva Lee asking to be relieved of their duties for the fall term.—Received.

From Miss A. Sherin tendering her resignation from the Public School staff.—Received.

From Mr. W. A. Evans asking for an increase of $50 per annum in his salary.—Received.

From Chas. E. Phillips, asking permission to pasture his horse in the East Ward school grounds during the summer.—Received.

The Property Committee, through its Chairman, Mr. Love, recommended the following repairs: That all broken glass in the Central school should be reglazed, that the furnaces in the West Ward school be repaired, that the old walls in the South Ward school should be kalsomined.—The report was carried.

The Finance Committee, through its Chairman, Mr. G. G. Smith, recommended the payment of a number of accounts, aggregating $46.14. —The report was adopted.

Messrs. Love and Parker moved that the floors of the West Ward School be oiled and that cement steps be constructed on the East side of the Central School.—Carried.

Messrs. Carson and Parker moved that Mr. Miller be notified that the East Ward School grounds are not rentable as a pasture.—Carried.

Messrs. Thos. Smith and B. W. Rinehart moved that the requests of Miss F. M. King and Miss Eva Lee for leave of absence for the fall term be granted.—Carried.

Messrs. T. Smith and A. J. Carson moved that Miss Sherin's resignation be accepted, and that the Secretary be instructed to write her a testimonial indicative of the high esteem in which she was held by the Board.—Carried.

The Management Committee, through its Chairman, Mr. Thomas Smith, reported that Miss Eva Lee was absent six days during the month, through illness, Mrs. Howard supplying.—The report was adopted.

The Secretary was instructed to advertise for the new teachers needed, on motion of Trustees Smith and Carson.

The Board then adjourned.

Richard Powell has the contract for supplying Sells Bros & Forepaugh's circus with 3250 lbs. of meat.

—The steamer Elgin L. Lewis will leave Barrie for Orillia every Tuesday evening at 7 p.m., sharp, arriving at Orillia at 10 p. m. This is a pleasant trip, and boat arrives at Orillia 15 minutes ahead of train from Toronto.

The death took place in Toronto, on Sunday, of Mr. Thos. R. Bennett, aged 42, son of Mr. John Bennett, of Penetang street. The deceased was a former highly respected resident, of Barrie, and his sorrowing widow and little daughter will have the sympathy of all in their trouble. The funeral took place on Tuesday from the Barrie station, Grand High Mass having been celebrated in St. Paul's church, Toronto.

The death occurred on Thursday night last of an old and highly respected resident of the County, in the person of Mr. James Hayes, aged 74 years, who was stricken with paralysis on the previous Sunday evening. He was a native of Waterford, and came to Barrie over 40 years ago. After living here a short time, he moved out to the 6th line of Oro, and later took up farming on the 3rd. Last February he again took up residence on Peel street. His wife pre-deceased him 18 years ago. The following children survive: Alice, Toronto; Rev. Father Hayes, Sandwich; James, Grand Rapids, Minn.; Patrick, Grand Forks, Idaho; Michael, Oro; Mary, at home; Peter, Idaho; Maggie, at home; Nicholas, North Dakota, and Katie, at home.

COUNTY COUNCIL

(Continued from page 6.)

for using the County Roads for their private benefit.

The mover stated that when Mayor of Barrie he had succeeded in making an arrangement with that company and believed the County could do something along the same lines.

The House of Refuge Committee reported through its Chairman, Com. Hammell, that plans and specifications had been prepared for the ventilation of the House of Refuge, showing the cost to be $1,950 and recommended that the Committee proceed with the work, and, that when completed to the satisfaction of the Committee the chairman order payment of the same.

The report was adopted.

The Finance Committee, through its Chairman, Com. Fraser, recommended as follows:—That no action be taken in the matter of incorporating the Board of Police Trustees of the Village of Coldwater; that the committee has had before it the notice to owners of land in Tecumseth affected by a proposed ditch along a County Road and would recommend that Com. Hammell attend at the time and place mentioned in said notice, on behalf of this County; that the County guarantee additional debentures to the amount of $52,000 for the Town of Orillia, $41,000 for the Town of Barrie and $17,000 for the Village of Creemore; that the license fee for auctioneers, hawkers, peddler's, etc. be $20.00; that $2,000 be granted to the Collingwood Hospital to assist in making extensions to cost not less than $11,000; that, as the Innisfil Plowmen's Assn. has laid before the Council a statement of its finances, a grant of $25.00 be made that organization; that the Treasurer's report for the first half of the present year shows the receipts to be $102,443.51 and the expenditures $66,952.24.

The report was adopted.

The Committee on Roads and Bridges, through its Chairman, Com. Quinlan, reported as follows:—That they have carefully considered the application for a grant to rebuild bridge over Boyne river, on townline of Mulmur and Tossorontio, and would recommend that Com. Murphy be authorized to proceed with the erection of a new bridge and approaches to the same in conjunction with the County of Dufferin, and that the Treasurer be instructed to pay for same on his order; that Com. Emerson and Martin be authorized to have necessary repairs made to bridge over Mad river at townline of Nottawasaga and Creemore, at a cost of $125; that Com. Harvie be authorized to have bridge repaired over the North River at townline of Matchedash and Orillia at a cost of $40; that a grant of $50 be made to improve the townline of Sunnidale and Flos, north of the 4th con line and deviation town line on 5th con. of Flos, and Sunnidale to supplement by a similar grant; that the Chairman be empowered, with such assistance as he requires from the Councillors more particularly interested and the County Engineer to examine the ground mentioned as a suitable bridge site, near Van Vlack and decide upon the site and lay out and acquire the roads leading thereto, in connection with the present County Roads System.

The report was adopted.

From Com. Fraser formally reporting the sale of the County stock in the old Northern Railway at 14 3-8 per cent.

The report was adopted.

The County Property Committee, through its Chairman, Com. Graham, asked that leave be given to advertise for 75 tons of soft coal and 40 tons of hard coal for the County buildings and the gaol.; they reported that coal was much cheaper for fuel than wood, and stated that although the past winter was the most severe for years past, the cost of heating was much cheaper as coal was used instead of wood; that several lots are held in the town by the county, assessed in all at $295. Permission was asked to dispose of said lots.

The report was adopted.

The Committee on Railways and Canals reported through its Chairman Com. Campbell as follows:—That your Committee has considered the motion of the council of the Tph. of Tiny and the communications from W. H. Hewson, town clerk of Penetang and Chas. M. Hays, General Manager of the G.T.R., in the matter of an overhead bridge at the railway crossing on the dividing road between Penetang and Tiny, which is a portion of the County Road System, in which the latter states that if protection is required the railway company will contribute one-half of the cost of construction of same, providing this County will contribute the other half; we are of the opinion that this County should not be called upon to bear any portion of the costs for the construction of said bridge, and would not be liable for any damages that might happen. We are also of the opinion that said crossing is dangerous to life and property, and deem it our duty to call the attention of the G.T.R. to this fact and recommend that the clerk forward a copy of this resolution to the manager.

The report was adopted.

Mr. Jupp asked the Finance Committee to consider the advisability of recommending George B. Curran, Orillia, as the County pupil at the Ontario Agricultural College.

A report recommending a bridge over Mad River, Sunnidale-Tossorontio at $1400.00 was presented by Chairman Quinlan, of Roads and Bridges Committee, and adopted the work to be done under supervision of Couns. Murphy, Martin and himself.

According to Mr. Campbell, snow plows can be made from $16 to $25, and he has other information which he will communicate to members on application.

A cement walk will be built at an angle between the Court House and jail. No balcony will be placed on gaoler's residence and the prisoners will be compelled to forego the luxury of telephonic communication with the outside world. The gaol is in excellent condition with nine inmates. A few minor repairs will be made to the caretaker's quarters in the Court House.

The claim of Matthew Hoskinson of Innisfil, who asked for $500 damages was settled by the County paying $100.

W. A. Kemp is negotiating with the Township of Tay for the leasing of a certain road upon both sides of which he owns property, where ducks and other fowl are protected. Certain residents of Tay and Midland disapprove of the action of the Township Council, and a dozen or more were present to register their objections to the County body sanctioning the by-law. Mr. Boys appeared on their behalf and Mr. Creswicke for the Township. As three months had not elapsed since the by-law went before the Township Council the County Legislators did not consider the question.

A by-law was passed authorizing the borrowing of $50,000 for not more than six months to meet current expenses.

Chairman Graham, of the County Property Committee, recoomended that $200 be paid to Barrie on account of the lock-up.— The report was adopted.

Councillor Quinlan was instructed to have the deviation road across W. 1-2 8, 8-Vespra made 66 ft. wide.

Councillor Thorpe was given similar instructions as to road on 11th con. W. Gwillimbury.

Mr. Quinlan was appointed as arbitrator to settle differences between councillors as to the expenditures on roads. Where he is interested the Warden or some other member will act in the capacity of arbitrator.

The following report was presented by the Roads and Bridges Committee:—

"That they recoomend that a grant be made out of the moneys appropriated for the improvement of county roads to Adjala, Essa, Flos, Innisfil, Tossorontio, Tiny Tay, Tecumseth, and W. Gwillimbury in the same proportion to their respective equalized assessment as the equalized assessment of the Townships of Vespra and Nottawasaga bears to the extra amount received by said townships of Vespra and Nottawasaga over and above the amount they were entitled to under the division of the $150,000.00, less the amount of any special grant other than grant to statutory County bridges which any of the above mentioned municipalities have received since the distribution of the $150,000.

Chairman Quinlan declined to present the report, as he considered it dealt unfairly by Vespra. Its adoption was moved by Messrs. Hammell and Frawley.

In amendment, Messrs. Jupp and Wells moved that the towns and villages be added to the municipalities named.

Com. Fraser named $20,000 as the sum to be divided amongst all the municipalities with the exception of townships of Vespra and Nottawasaga, as he considered that the latter townships had already received far more than their share.

Com. Quinlan protested strenuously against the treatment Vespra was receiving. The additional grant obtained by himself and Com. Wells, to which reference was made, was not given to Vespra at all, but was expended on the bridge at Midhurst for the benefit of the Flos and Barrie people. He read the report which made the grant last year and pointed out that every member knew at the time that it was not of a Vespra grant which was being made.

Com. Murphy held that this grant had been made to Vespra and that the other municipalities were now entitled to equal amounts in proportion. He charged that an attempt was being made to block the scheme to make these additional grants but went a little too far and was called to order by the Warden.

Com. Wells thought the question was deserving of further consideration and reminded the Council that the matter of snow fences had not yet been settled. Under the circumstances he thought that another session of the Council was needed and after some discussion it was decided to meet again on Monday next at 2 p.m.

STRATHALLAN

ONE OF ONTARIOS BEAUTY SPOTS—A PRIMEVAL FOREST.

A house-party of twenty-three has been having a merry time during the past week at Strathallan, Mr. Harry Pedwell's delightful summer home.

The term "summer home" hardly conveys the correct impression, when applied to this beautiful residence of Mr. Pedwell, surrounded by six hundred acres of primeval forest, with the great virgin pine waving their tasseled tops a full two hundred feet above the ground. Yes! "summer home" is decidedly too cramped an expression to apply to such a lordly domain as this where the finest timber standing in Ontario to-day, is to be found. Mr. Pedwell bought the estate in the first place, as a speculation, intending to put up a mill and saw the timber on the premises, but the beauty of the place has appealed to him so strongly that it will probably be many years before those grand old trees are desecrated by the woodman's axe. Birch, oak and basswood and fairly plentiful, although pine predominates and lumbermen from different parts of the country, who have visited the spot are astonished at the enormous height which numbers of the trees have attained. In many instances they run up a distance of a hundred and fifty feet, before a branch appears and at this great height some of them are two feet in diameter— a fact which seems almost incredible until the actuality is forced home by a personal interview with these monarchs of the forest. The fifty-acre deer park was depopulated of the majority of its denizens, when the Allans closed the place a few years ago, and of the dozen or so which were left behind, all have disappeared but one little doe, which remains about the door yard, as a household pet. But although the big herd of deer is a thing of the past, the park being underbrushed, is one of the most attractive portions of the place in which to roam.

The house, though situated in the midst of this great forest, lacks none of the essentials of modern life. A water wheel supplies the premises from the clear waters of the bay, and pipes are laid all through the garden, which latter, by the way, is without doubt the finest in the district, all the early vegetables being already in season.

Mr. Pedwell is the most hospitable of hosts and takes the keenest pleasure in placing his fine estate at the disposal of his friends, consequently for the next couple of months, a great deal of entertaining will be done at Strathallan.

Str. Elgin L. Lewis.

The steamer Elgin L. Lewis will not make her trip to Jackson's Point, on Friday, July 15th, as scheduled, on account of having a large excursion party out of Orillia.

Regular trips as advertised will be resumed on Saturday, 16th, and will continue afterwards as scheduled.

Major-General the Earl of Dundonald was initiated a member of Camp Argyle, S. O. S., on Thursday night.

Arrived at the Park Mr. Charles Palling, one of the oldest and certainly the most enthusiastic Orangemen in the County, was installed as chairman and short addresses were made by Rev. Dr. Witten, W. M., Rev. W. J. Hewitt, W.M., Gravenhurst; His Worship Mayor Boys, Rev. A. R. Sanderson, of Angus; Dr. J. J. Williams, of Lisle, and others. At the conclusion of the speech-making the sports were started and were without doubt the most successful ever conducted in the park. Football, baseball and Olympian games were all going on at once. At baseball, Barrie was a trifle too strong for Ivy and won out by a score of 16 to 9. Stroud was able to beat out Oro at football by 4 goals to 0. The names of the winners of the other sports will be published next week.

In the drumming competition Mr. Thomas Sampson, as usual, carried off the first prize. Mr. Jimmy Scott was his fifer. Tory Hill, however, did so well that a second prize was made up for Mr. J. J. Rowan and Mr. Wm. McQuay. In the Band competition, Stayner was awarded first prize, and the Broadview Boys, second.

In the tug of war contest Allandale was far too strong for Lisle and the brawny boys from the 6th Ward easily landed the trophy.

Craighurst Lodge turned out 42 strong.

LO.L. No. 73 from Angus had 100 men in line with a magnificent new banner at the head. They presented a very fine appearance.

Craigvale engaged the Broadview Boys Band and No. 605 march with all their old-time precision.

Orillia's band leader, Mr. Mit-Mitchell, serenaded Band Master George Henderson yesterday afternoon. They played a March, "Auld Lang Syne," and "He's A Jolly Good Fellow." Mr. Henderson was seated on the upper verandah of the Royal Victoria Hospital, and on conclusion of serenade rose from his chair, waved his cap, and said, "Thank you, Mr. Mitchell."
